God at work in Northern Uganda and He is doing great things at Acres of Hope. There are currently 25 total children living in three completed homes. The fourth home is about \$6,000 shy of completion. It is currently being used for three classrooms.

Over 50 children are attending school at Acres of Hope which is taking place in an unfinished house, under tarps, and a mango tree. The students did extremely well on their national exams, but the rainy season is threatening their ability to learn due to the nature of their classrooms. Funding for a school structure is desperately needed.

We praise God for Winnifield Baptist Church in Louisiana, who raised \$10,000 to dig a well. Now the children at Acres of Hope and the nearby community have access to clean, safe water!

We are so thankful for our sponsors, partners, and prayer warriors. Without you, and the will of our Lord, these children would not have the hope they have now.
